

36th KERALA SCIENCE CONGRESS

Best Solution Award

YOUTH CHALLENGE

"Issues and Challenges faced by Kasaragod district and Science & Technology Interventions as solution" A Challenge to Youth of Kerala

INTRODUCTION

.In connection with 36th Kerala Science Congress to be held at Government College, Kasaragod, Kerala State Council for Science Technology and Environment (KSCSTE) is organizing a programme for youth of the state to take a challenge to address a societal issue requiring Science and Technology intervention to solve the problems faced by the society in Kasaragod District.

Target Group

A team consist of the youth between 15 - 25 years of age from Kerala can participate in the event. The team can register with maximum 4 members and minimum 2

How to Apply

Select a problem from Kasaragod district, which requires a scientific or technological intervention to solve. Make a write up with the societal problem identified by the group, methodology to be followed for solving the issue and S&T intervention proposed. Limit the proposal in 2000 words. The team can register through the link provided and upload the write-up on or before the last date

Selection of Best Teams

An expert panel will shortlist the team after review of the submitted proposals and the selected teams shall make a presentation during the Kerala Science Congress before a judging panel. The best proposal/solution will be recommended for award by the judging panel.
